I have received phone calls for the past two days from 424-204-6399. I finally called back and the women Pauline Hayes said I was approved for a 2,000 loan. (I have horrible credit and been scammed in the past). She sent me over a installment promissory note for me to sign and said i have to buy a money pack tomorrow, put 200 on it, but i get the money right back. I started googling about these money packs and they all seem like scams. The company's actual name that is at the top of the promissory note is Fast Loan LLC. Could this be fast loan America just going by a different name?

I was told by Jeff Thomas at 310 341 0479 that I was approved for a \$10,000 loan all I had to do was get a Green Dot Money Pak and load \$500 and I would have the loan within 2 and 1/2 hours. Normally, I am very cautious but it sounded so good. Now I am out 500. I will find a way to stop this from ever happening again. Thanks A. Gomez NYC

Complaint #315291

on 03-28-04 i was contacted by a Jonathan Meyers at phone number out of florida, 1 (754) 600-8079 and also from phone number 1 (855) 896-0184 saying i was approved for a loan up to \$3500. I was also called by a man named Peter Black on behalf of Jonathan Meyers in regards to the same loan which I only wanted \$1000.

i was talked into sending a vanilla reload card with \$470 to show proof i could pay back loan. stupidly i did it. a few minutes later i was told i needed to send another \$200 because of my bad credit and that all the money would be deposited back in my account with that loan. that was a friday evening and the following monday, March 31 i was told that i was flagged by some government agency saying i had outstanding debt on my social security number and that if i paid the \$1186, my \$3500 loan of which i only wanted \$1000, would be in my account within a few hours. Again i sent the money on green dot money pak cards. i was told the paper work was going through and in an hour i would be called and told my funds would be deposited into my account. Once again i got a called saying lawyer who approved \$ amount to pay off my debt was in a bad accident and a new lawyer was saying i needed to pay an additional \$1000+ once again. I told them i needed to call them back and when i stopped answering their calls i was getting threatening messages saying if i didn't pay them i would be committing fraud along with calls from the same phone numbers saying they were new york police and i would be sorry if i tried to ignore them. a man calling himself officer Lenny Stein from the NYPD called me from phone number 1(929) 322-8267, and said he would have police sent to my home address. On April 1st i filed a police report with my local precinct and they kinda laughed at me for getting scammed. the only thing it did confirm is that the people who said they were police, in fact were not, because they told me if i called the cops i would be arrested on the spot. I filed fraud complaints with both the green dot money pak people and with the vanilla reload companies, but money pak immediately told me since i gave the number on the back away willingly it was my lose, but they would work with a police investigation. I'm still waiting to hear back from vanilla reload.

This is a serious matter, these people are impersonating government agents/agencies and police, on top of scamming people out of lots of money.

These guys called me and said they would loan me 1,500 dollars. The only thing I had to do was put 150 dollars onto a money pak. Once I did this they said my money will be in my account the following day. I checked my checking account the next day and the money was not deposited as promised. I called them and they said I needed to talk to Hugh Foster. I spoke to him and he said I had other payday loans I had not paid for and said their attorneys are going to file a lawsut against me, however they would settle for 380 dollars before Fast Loans would loan me the 1,500 dollars. I called them and said I want to cancel the loan with them and to return my 150 dollars. I probably won't get this money back.

Avoid phone number 2104012393 & 2104013408....DO NOT FALL FOR BUYING GREEN DOT MONEYPAK OR VANILLA RELOAD NETWORK....all my money is gone \$1300...excuse credit not good, bank can't accept transfer, will western union or money gram, and then final send thru a courier.

AVOID TALKING TOO...Frank Anderson, Paul Brown, Sam Taylor, Keith Russell

I NEED HELP, I AM WILL CONTACT GREEN DOT MONEYPAK TO HELP WITH THIS FRAUD. I was trying to get a loan for a very important legal matter. Now I don't a loan for \$6000 and I'm lost a total amount of \$1325. This is a very sad situation, I have no money for food and had to borrow money from my family to help me out temporarily. My husband works a month on and 2 weeks off, and he will have to even do without and work more hitches to pay this offset back. I sure hope this company gets taken care of before they walk away with millions. We even have been trying to file charges with them thru the San Antonio Police Dept, but no officer has called back to take our statement.

This same guy at the same telephone number called me today saying that I was approved for \$2000 loan. I called the number back and asked the name of the company and the man became very sceptical and was asking why I need to know why I wanted to know the name of the company. I looked up the company name and found this site. Thanks for posting and helping others not get scammed.
