I made a complaint earlier then looked up Fidelity & Guarantee Life Ins.. I found a phone number (888-513-8797). I did speak to a person there who claims she is going to send me a copy of my policy. She also claims not to of heard anything about this website. I explained that when I brought up FGLifeinsco I was immediately directed to this website of scams. I hope this person I spoke to was correct as over the years they have taken a lot of money from me. I hope the number above can help some of you out there.

Complaint #106141

On 3-16-06, an agent(whose signature I cannot identify) came to my home and informed me about the importance of life insurance. The application bore the name of Shenandoah Life insurance Company. I paid him \$41.68 for application fee. On 5-20-06, he returned with an application for life insurance. The premium amount was \$32.89 monthly. He only issued me a conditional receipt. Since that day, the said amount has continued to be withdrawn from my bank account.

On 4-24-12, a representative( Mr. Sabey K. Varpilah) from Primerica Financial services came and provided me with some important financial concepts. It was then he realized that the phone number provided on the conditional receipt was a non-working number. He immediately researched Shenandoah Life Insurance on the internet. He got a contact number and called the company. I was informed that my application was submitted in 2006, but was later withdrawn. The representative from Shenandoah life and my Primerica representative advised that I call my bank to inquire. I immediately did, and what I found out was shocking. I was informed that a company called Fglifeinsco Prem was responsible for drafting my bank accolunt and that there was no contact number for FGLifeinsco Prem. I at once instructed my

bank to stop the payment. Once more. my my Primerica representative researched the web for the company. It was then I realized that this company was a scam. There was no information found on it. The total amount I have paid since I applied for this insurance is \$2664.09

Complaint #291838

I bought this policy many years ago and when I bought it the agent told me that it was a survival policy, that in time I can get money back. For that reason I have not cancelled the policy. When I moved I misplaced the policy documents and tried to get a new policy but since it has been some time I do not have any information from my old policy, I have tried to get the phone number but is almost impossible to talk to a person. I have not cancelled due to the fact that I do not want to lose all the benefits I have paid for. Does anyone have a direct number I can call. Maybe is worth that we come together and take this into legal action.
